3. Each team has a maximum of 10-12 minutes to present through live demonstration all the salient features and functionalities of the system.
4. After the presentation, each judge will have 2-3 minutes for their questions, comments, and suggestions. Judges will grade each team using the scoring rubrics prepared by the College.
5. At the end of the event, the TOP THREE teams per title will be announced and will receive a certificate of recognition.
